

DEERFIELD RANCH

A GRAND ESTATE

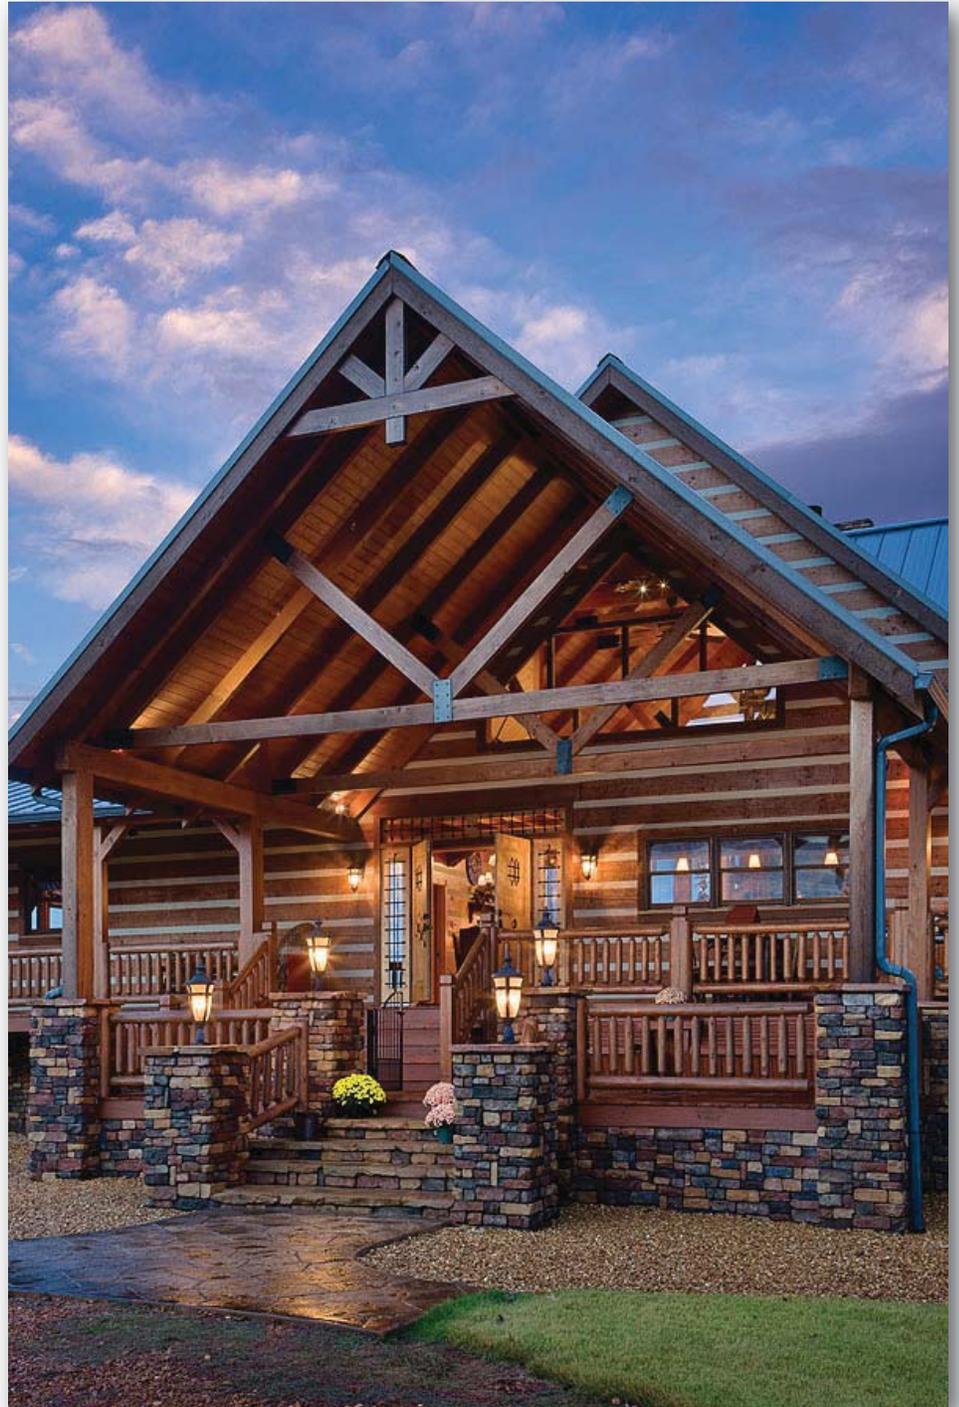

Nestled in the heart of the Tennessee Hills is a beautiful respite called Deerfield Ranch. This luxurious hideaway is the perfect place for hunters, nature lovers, or those simply seeking a peaceful escape. Enjoy breathtaking views, miles and miles of trails, a fully-furnished log home and abundant game provided by this private retreat. These are just a few of the many amenities this property has to offer.

DEERFIELD RANCH

A Sportsman's Paradise

Rolling hills and dense foliage shelter bountiful white tail deer, turkey, waterfowl and many other species of wildlife. The property is fully equipped with all the provisions for the expert hunter, fisherman, or outdoorsman.

THE ESTATE

Beautiful Spaces

The award-winning design of the \$1 million+ luxury log cabin home has caught the attention of the National Association of Home Builders, the Log Home Council and the Building Systems Council. Both the indoor and outdoor space accommodate groups or families in comfort. Fine log cabin craftsmanship,

attention to detail and design that caters to both the sportsman and the style-conscious all

unite with sweeping vistas in this peaceful estate setting. Thoughtful elements like a wraparound porch, an outdoor wood burning fireplace and a loft provide great spaces where family and friends can enjoy the view. A separate upstairs flat over the garage is connected to the main residence by an attached stairway. An open great room, dining and kitchen area allow guests to gather, while a spiral staircase adds a unique style element and provides access to the loft without dividing the space.

Finely Crafted Workmanship

From the selection of the materials to the careful consideration of the views, every detail of the living space was designed with quality and beauty in mind. Guests enjoy rustic charm without sacrificing modern comforts. Hand-hewn log construction, stacked stone, plank floors and Hickory cabinetry create a cozy atmosphere, while flat screen televisions, ceiling fans and a security system provide the most current technology.

Luxurious Finishes

The home is fully-furnished and decorated in a lodge motif. More than \$250,000 in elegant furnishings and fixtures set the tone for relaxing, while design accommodates the sportsman. Vaulted beam ceilings, wide windows with glorious views and expertly placed lighting are just some of the details that make this luxury log cabin special. Each bedroom has private access to the exterior deck, with plenty of space to hang your hat or wipe your boots after a day exploring the abundant hunting opportunities.

GENERAL FACTS

Lake Plan:

The lake is naturally fed by the Obion River, which provides an abundance of bass and crappie. The lake provides natural fertility envied by many man-made lakes. A formal management plan has not been created.

Wildlife Plan:

Current management practices include: food plots, feeders, mineral blocks, habitat trails and farming plots, which provides residual bounty for animals

Trophy deer and turkey are sustained by food source and natural habitat for cover, which currently exists on the property.

The combined properties include over 25 miles of trails, tree stands and farm plots to make this a unique experience.

Currently all crops produced are sold under annual contract, however plenty of remnants remain after harvest. It is at owner's discretion as to how much of the harvest is reserved for wild game.

A portion of the property can be converted to waterfowl habitat.

Inventory of existing feed sources:

- 18 feeders

- 10 gravity flow – 750 lbs

- 8 solar power spreaders – 250 lbs

- 8 acres of food plots with 8 additional plots to be created in 2014

- White clover, alfalfa and oats

- Mineral licks

- Mineral salt licks

Breathtaking Views

Deerfield Ranch includes lake access on property for fishing and wildlife viewing. The private lake located on Deerfield One spreads out wide just beyond the deck of the log cabin for spectacular views. Deerfield Two offers additional water views and include several smaller lakes.
